

Welcome Back to the Sunol Glen Garden!

We are so excited to welcome all of the students back to the Sunol Glen Garden for another year of blooming, blossoming fun!

The chickens have been working on a surprise for the kids over the summer. Our mother hen, Peeps, is patiently sitting on fourteen eggs which should be hatching by the end of this month! We also have crops of tomatoes, watermelon, honeydew melons, pumpkins, zucchini, green beans, lemons, asparagus, artichokes, and apples growing in the garden beds.

Your child wants to garden with you! The good news is that now is the time to sign up as a Garden Parent for your child's class! Please look for the volunteer sheets at Back to School Night. The time commitment is about 1-2 hours per month and no gardening experience is necessary. Your child may even teach you how to do it, as most of the kids are experts on planting, weeding, composting, and harvesting by this time! We guarantee it will be the most fun you have ever had eating vegetables with your kids!

First Garden Meeting/Work Hour is this Thursday, Aug. 18th from 8:30-9:30 a.m.
First Garden Class Day is on Thursday, Aug. 25th.

If you have any questions or need more information regarding the Garden program, please contact the Garden Team by clicking on any of the names below.

Here's to another great year!

Jennifer Rampton, Co-Chair
Alisa & Abran Dreyfus, Co-Chairs
Gin Wesener, Secretary
